

- **Rapeseed Meal**

Rama Gum Industries (i) Ltd is one of the main suppliers and global exporters for high-quality rapeseed meal in India.

- **Product Description**

The rapeseed meal is a valuable source of premium quality feed protein with a well-balanced amino acid supply and is high in general nutrient value. Rapeseed meal, also called canola meal, is the by-product of the extraction of rapeseed oil.

Rapeseed meal is used in the diets of:

- **Ruminants**

Rapeseed meal is a suitable protein source for growing and finishing cattle, and an excellent protein supplement for lactating dairy cows.

- **Poultry**

Rapeseed meal is used in the diets of broilers, laying and breeding chickens, and turkeys. However, there are some potential drawbacks, such as the production of a fishy off-flavour in the eggs of certain birds.

- **Livestock**

Indian rapeseed meal is a valuable feed ingredient for livestock, but there are some potential concerns with its use, such as the presence of glucosinolates, which can be toxic to livestock.

Specification:

RAPESEED MEAL		
Protein	%(Min.)	37
Moisture	%(Mix.)	10
Acid Ins. Ash	%(Mix.)	2.5
Fiber	%(Mix.)	10
Fat	%(Mix.)	1.2

STORAGE

Rapeseed meal should be stored in a covered shed with a dry atmosphere

SHELF LIFE

24 months after manufacturing.

AVAILABLE IN: PP bags

- 50 Kg
- Bulk in containers
